

CONTROL YOUR SUNDANCE® SPA

Whenever, Wherever...24/7

SUNDANCE® SPAS PRESENTS ITS VERY OWN SUNSMART™ WiFi CLOUD CONTROL SYSTEM

The Sundance SunSmart™ Cloud Control includes an App for your smart phone that provides access your spa via WiFi connection from anywhere. You can be inside your house, at work, or even on vacation and still have access to your Sundance spa. With the SunSmart App, you can be certain that your spa will be ready when you want. While you're at work you can set your spa temperature to your preference so when you get home it's ready to use. Having the SunSmart App on your smart phone eliminates the need to be at your spa to adjust the controls.
